

# CARD CONTROLS

## YOUR CARDS, ON YOUR TERMS

### CARD CONTROLS LETS YOU:

- Turn your and credit and debit cards “on” and “off”
- Establish transaction controls for dollar amount limits, merchant categories and geographic locations
- Receive alerts when your credit or debit card is used, approved or exceeds the transaction controls set by you
- Stay informed of potential fraud with alerts on attempted, declined transactions
- Get real-time balances for your accounts
- Create travel exceptions

### GET STARTED!

1. Ensure that you have the South Carolina Federal mobile app.
2. Follow the link to “My Cards” under quick links or click on the “More” tab and then click “My Cards.”
3. Download the Card Controls companion app when prompted.
4. You’ll have single sign-on access on subsequent visits.

Visit Card Controls in the South Carolina Federal Credit Union mobile app by clicking on your card or the “More” section.

### CONTROL SPENDING

If you’re trying to establish or stick to a budget, Card Controls can help. Set spending limits for general use or specify thresholds by merchant types, such as gas, groceries or retail stores. You can also establish these controls by location. The flexible app lets you change these parameters anytime with ease via your mobile device. Going on vacation or holiday shopping? Simply update your transaction controls to fit your spending needs.

### FRAUD PROTECTION

A lost or stolen card is just one area of concern in today’s world where Identity theft, skimming and other attacks are an unfortunate reality. Turning your credit or debit card off when you’re not using it helps safeguard against fraud. When your card is “off,” no withdrawals or purchases will be approved. Transaction controls that allow your credit or debit card to work only in specific locations or geographic areas, add another layer of protection. And real-time alerts keep you informed when your card is used or declined.

### REVIEW BALANCES AND TRANSACTIONS

Monitor your finances from anywhere. Use the Card Controls app to check your account balances.

### CREATE TRAVEL EXCEPTIONS

You can now use the Card Controls app to let us know about your travel plans -- without the need to call or visit a financial center. No more worrying about your debit card potentially being blocked when traveling out of state or internationally.

### BUSINESS USE

Card Controls is a great tool for controlling spending on a business credit or debit card. Use the transaction controls for merchant codes, location and thresholds to ensure employee spending adheres to your company policies.

All of our Mobile Banking products require an Online Banking login, a data plan with a wireless provider, and in some cases, enrollment into Bill Pay. South Carolina Federal Credit Union provides Mobile Banking as a free service. Consult your provider for any fees associated with your mobile web service.
