

OCTOBER 2022

# International Credit Union Day®

Empower Your Financial Future with a Credit Union™

Thursday, October 20, 2022

On October 20, 2022, South Carolina Federal Credit Union will join more than 56,000 other credit unions around the world to celebrate International Credit Union (ICU) Day. This year's theme is "Empower Your Financial Future with a Credit Union" because we are here to help you on your way to financial well-being, no matter how young you are! We are looking forward to recognizing and celebrating this special day with our members later this month.

## Give the Gift of Helping Others

It's never too early to make a difference!

You don't need to be a grown up to help other people. No matter your age, you can help spread smiles, joy, and holiday cheer in a number of ways. Ask an adult to help you with these simple acts of kindness:

- **Collect food items.** Enlist the help of family, friends, and neighbors to collect canned food to donate to your local food pantry. They'll love to help you support a good cause!
- **Send greetings to the elderly.** Local nursing homes and long-term care facilities would love to share your artwork, cards, and notes with their residents. Have an adult help you determine how to best deliver your holiday greetings.
- **Share your smile.** The holiday season can leave some people feeling lonely, stressed, or anxious. Lift the moods of those around you by sharing your bright smile.

- **Leave a treat on your door step.** The holiday season is especially busy for mail carriers and delivery service drivers. Bring some holiday cheer to their work day by leaving a basket of bottled water or snacks by your front door.
- **Have an adult help you bake goodies** for a neighbor, relative, or friend. You could also deliver your baked goods to a local fire station or police station.

## Fun Fall Facts

There is less sunlight in the fall than in the summer, so the days feel shorter.

The trees that lose their leaves in the fall are called deciduous trees.

People who live close to the Equator (the invisible line that wraps around the middle of the earth) don't experience fall. The temperature in these areas remains consistently warm.

During the fall, many animals are on the prowl for food to be ready for the winter months of hibernation.

Picking pumpkins and apples is a tradition for some families during this time of year.
