## SOUTH CAROLINA FEDERAL

scfederal org

There are two forms of money made in the United States—paper bills and metal coins.

come from?

 Paper bills are made at a place called The Bureau of Engraving and Printing, and they are not actually made out of paper. They are made from a blend of cotton and linen. That's why they don't fall apart in the washing machine like paper does!

where Does Money Come From?

We all know that money doesn't grow on trees, right? And mom and dad say they are not made of money. So where does money

• Metal coins are made at the United States Mints, which are facilities located in six different states. Metal coins are drawn, created and copied at these facilities, and then they are loaded into armored cars and delivered to different banks and credit unions around the country.

Now you know where money comes from, so the next time your mom or dad asks you if you think they are made of money, you can say, "No, but I do know where money comes from!"

# Outdoor Games to Play with Friends

**Big Foot Race.** Have everyone bring two empty shoeboxes with lids. Tape the lids onto the boxes and then cut a one-inchwide and four-inch-long slit in each top. Slip your feet into the slits of the boxes and let the races begin!

**Pickpocket Tag.** Set a timer for ten minutes. Put a strip of cloth in each player's back pocket. Have the players try to grab each other's strips without having their own strip taken. The player with the most cloth strips when the timer goes off wins the game.

**Shadow Tag.** Instead of tagging each other's body like in normal tag, Shadow Tag is played by tagging each other's shadows with your feet. Don't forget the sun is a must-have player for this game!

#### Summer Word Scramble

Unscramble these letters to make words about Summer.

1. unS

2. taeH

3. oPlo

4. cBahe

5. cel Cmera

o. Ice Cream

1 - - - -

י וובמו
