

JULY 2013

SOUTH CAROLINA FEDERAL

Saving: A habit to Last a Lifetime

Do you know why it's important for you to learn how to save while you are young? Because that's when you form habits that last a lifetime! Learn to save while you're young, and you'll grow up to be a great saver.

Here are some steps to help you start learning good saving habits:

- Keep your money in your Kids Club account. We'll keep it nice and safe for you. Plus, you won't be so tempted to spend it!
- Ask your mom or dad to help you find the best deal on the game or toy you've been wanting. They can help you search local ads or prices online in order to make sure you pay the best price.
- Most importantly, remember to set aside at least 10 percent of your money. If you earn \$10, save \$1 in a special account that you don't ever touch. As you get older, it will be important to have that special "no-touching" savings for really important things.

Turn an Ordinary Summer Day into Something Extraordinary!

Fun outdoor games to play with your friends or siblings

Creature Collection (What you'll need: a jar or container with a lid)

Ready, set, go! See who can collect the most bugs in 10

minutes. The catch is, you can only collect one of each type of bug you find. Please ask an adult to help you.

Musical Sprinkler (What you'll need: a sprinkler and music)

Put one person in charge of turning the music on and off. Turn the sprinkler and music on, and then dance away. When the music stops, everyone must freeze. Whoever moves when the music is off is out of the game!

Jumping Water Cups (What you'll need: plastic cups filled with water and a piece of chalk)

Draw four lines on the ground, one foot apart from the other. Holding a cup of water, each person takes a turn jumping from the first line to the next, to the next, to the next (for a total of three jumps). The person with the most water left in his or her cup wins.

Federally insured by NCUA

Summertime Riddles

What do you call a dog on the beach in the Summer? A hot dog!

Why do bananas use sunscreen?

Because they peel!

Which letter is the coolest? Iced T!

What does the sun drink out of?

What do frogs like to drink on a hot day? Croak-a-cola!

Summer Coloring Contest

Color this image, send your artwork to us, and you'll automatically be entered into a drawing for a \$10 deposit to your Kids Club account and have your name appear in the next newsletter.

July 28 is Parents' Day

A handprint card is the perfect way to say thanks for being there for you!

Supplies:

- Paper in two or three colors
- Card stock (any color)
- Scissors
- Glue

Instructions:

Trace around one hand of each of your parents' on different colored paper. Trace around one of your hands on another colored paper. Ask an adult to help you cut out all paper hands and layer them on top of each other, making sure to angle them so you can see each hand underneath the other and so that your hand ends up on the top of the stack. Glue the stack of hands onto the card stock. Write your name and a message on your hand.
