More Patience = Bigger Savings!

Is there something at the toy store that you've had your eye on for a while? Something that you really, really wanted to take home, but you just didn't have enough money to buy? What did you do? Did you keep your money and go home, or did you spend your money on something smaller and less expensive?

Sometimes it can be hard to save your money long enough to buy the toy you've really been wanting, but with a few tips, and little patience, you can get your piggy bank full of money in no time!

- **Know what you're saving for.** Draw a picture of the toy you want and put it up on your wall so you remember to save your money for it.
- **Know how much it costs.** That way you'll know how much money you need to save before you can buy it.
- **Remember that every penny counts.** A quarter may seem like a small amount of money, but don't forget that it only takes four quarters to equal one whole dollar!
- **Make your money earn more money!** When you deposit your saved money into your South Carolina Federal Credit Union [Kids Club account](#), we give you money just for keeping it here—that helps your savings add up even faster!

Summer-Filled Fun

There are plenty of ways to have fun during the summer months—even without spending a penny! Here's a list of free activities to keep you and your friends busy this summer:

- **Create a ginormous masterpiece.** Spread an old sheet out on the lawn and use paint to create the largest picture ever!
- **Have a 'Ride the Line' competition with your friends.** Use chalk to draw a long, three-inch wide line on the driveway or sidewalk. See who can keep both wheels of their bike on the line all the way to the end.
- **Paint the sidewalk with water.** Use sponges or paintbrushes and a bucket of water to draw pictures on the concrete. Clean up is a breeze!
- **Go on a bug hunt.** Grab a piece of paper and a crayon, pen or pencil. Keep track of all the different bugs you find in your yard by drawing them on your paper.

True or False Credit Union Quiz

How much do you know about your credit union? Take this true or false quiz to find out!

1. Kids of all ages can join the credit union.
2. Once you join the credit union, you can be a member for the rest of your life.
